SOFTWARE ENGINEER, FULL STACK DEVELOPER

Hey, I'm a creative software engineer with a passion for coding and problem-solving. I'm always eager to learn and collaborate on exciting projects. I've finished 4 projects during the bootcamp program including one group project so I've experienced how to work and collaborate with the group. With the background in the restaurant business, I've developed excellent communication skills and strong problem-solving abilities.

TECHNICAL & INTERPERSONAL SKILLS

Languages: Python, JavaScript, HTML, CSS

Libraries and Frameworks: React, Express.js, Django, Tailwind CSS, Embedded Javascript (EJS)

Databases and other: PostgreSQL, MongoDB, RESTful Routing, JSON API

Authentication: Json Web Token, Express-sessions

Interpersonal skills: Hard working, Available for teamwork, Quick learner, Ambitious.

TECHNICAL PROJECTS

LiquidLounge - [Github](#) | [Live](#)

Designed an application about cocktails with the idea of working as a bartender. Users can login and sign up. With the classic drink section, there are 50 most popular cocktails and users can add them on their favorites and also remove them. Users can create, edit and delete their own drinks and can add reviews for other users' drinks as well.

Skills: Javascript, React, NodeJS(Express), MongoDB, JWT(Authentication and Authorization), Tailwind CSS, Postman 2, MongoDB Compass, React Hooks

OrderEatz - [Github](#) | [Live](#)

Designed an online-ordering application as a group project. Collaborated with three other colleagues. Users can login and signup. Users also can create, edit or delete orders and make a fake payment. Improved team-work, communication, git-branch skills.

Skills: Javascript, NodeJS(Express), React, MongoDB, JWT(Authentication and Authorization), Tailwind CSS, MongoDB Compass, Postman 2

MovieGram - [Github](#) | [Live](#)

Designed an application about movies. Express-session based creating user and logging in. Creating, updating and deleting your own movies. Adding comments for other users' movies. Used MongoDB for databases.

Skills: Javascript, EJS, NodeJS(Express), HTML, CSS, MongoDB, MongoDB Compass, Express-session, 7 RESTful routes, Postman 2

Capitals Quiz Game - [Github](#) | [Live](#)

Designed a quiz game about capital cities of 20 most known countries. The game also has a timer. Players can quit anytime and at the end, players will be noticed about their points

Skills: Javascript, HTML, CSS, DOM Manipulations

EXPERIENCE

Lokal83, Server/Bartender

Manhattan, New York, 01/2023 - present

Working as an experienced server/bartender with a passion for providing perfect service, skilled in crafting delicious cocktails and maintaining a welcoming atmosphere, dedicated to exceeding guest expectations with every interaction.

Surf Style, Sales Associate

Gulf Shores, Alabama, 06/2022 - 09/2022

Summertime working. First work experience in the United States. Worked in the field and also as a cashier. This place also helped me to improve my communication skills and team work.

Sura Hotels, Customer Service Staff

Istanbul, Turkey, 01/2022 - 06/2022

I was part time server and also part time receptionist in one of the best located hotels in Istanbul. I served a lot of people from all over the world. Working in this hotel helped me to improve my English level and also my communication skills.

EDUCATION

General Assembly

Remote, Date Started: 12/04/2023, Date of Completion: 06/10/2024

Full-stack software engineering 400+ hour program focused on product development fundamentals, object-oriented programming, MVC frameworks, data modeling, and team collaboration strategies.
